Donor Dam: DSP Panache's Prissy DS2004M (PB), Sired by Diamond T Casanova

Donor Sire: Diamond T True Grit RDS102L (FB), Sired by Tyrol Canadian

Comments: (SPECIAL NOTE) These embryos are flushed with sexed (Female) semen from the 2003 World Pinzgauer Congress Grand Champion Bull, who is out of an original foundation bull. The dam is a daughter of the 1998 National Reserve Champion Female, Diamond Panache RTG 4H. If you are looking for a top of the line female then this is it. This breeding produced a beautiful show heifer that has become a superior cow, CPP Doodle Bug. A show winner and an easy keeping, strong producing, pasture cow. These bloodlines are a great influence to any herd.

Donor Dam: Heartland Iberia-Force HLH 307N (FB), Sired by Diamond T G-Force GDS 75J

Donor Sire: Mustang (FB) (Austrian), sired by Multi
Comments: Since the Iberia embryos are no longer available, we have added Heartland Iberia-Force to the list of Heartland Ranch donor cows. She combines the depth, thickness and broodiness of Iberia with the refinement and femininity desired in a show heifer. Mustang adds outcross genetics to a proven cow family.
